PHYSICS IN-HOUSE SYMPOSIUM-2026

30th - 31st October

IIT PALAKKAD

The Department of Physics, IIT Palakkad, annually hosts an In-house Symposium showcasing research by faculty and students.

Celebrating Frontiers in Physics — Integrating the Scales of Nature

Basudeb Dasgupta

TIFR, MUMBAI

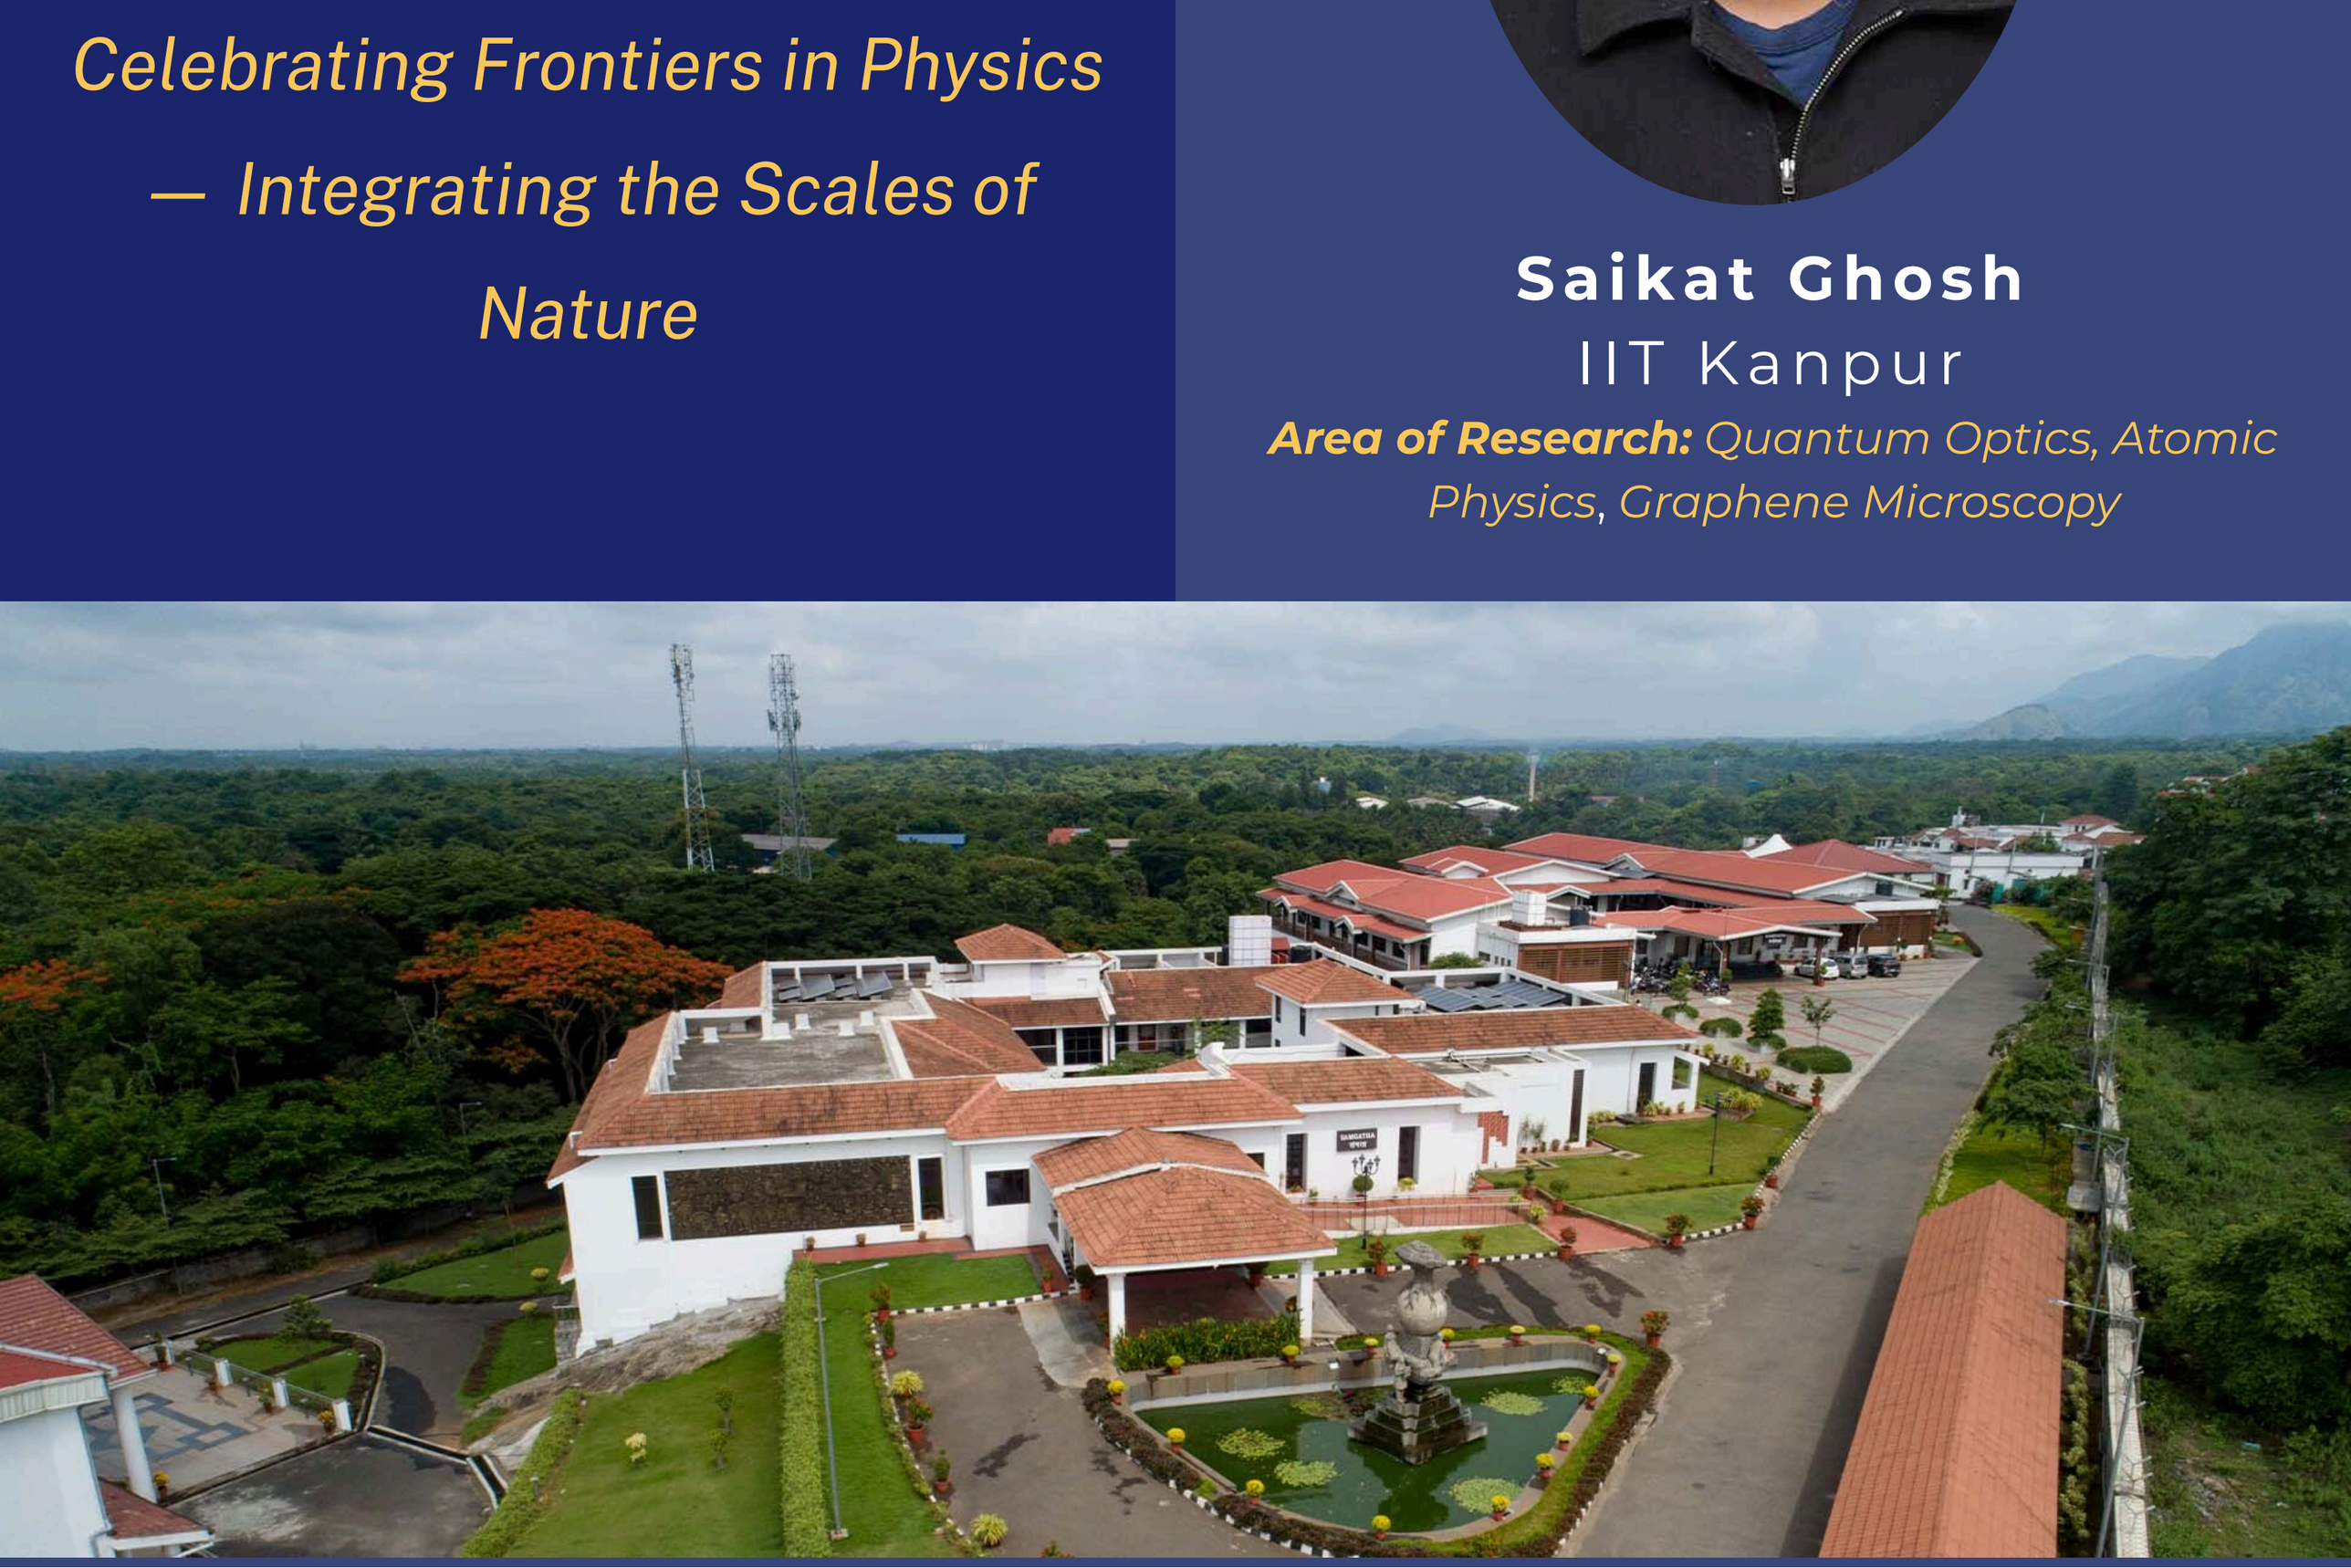

Area of Research: *Astroparticle Physics, Cosmology, Particle Physics*

Saikat Ghosh

IIT Kanpur

Area of Research: *Quantum Optics, Atomic Physics, Graphene Microscopy*

SCHEDULE

DAY 1

30/10/2026 Friday

Venue: Saraswati A01-007 2.00 PM - 5.20 PM

Chair: Akanksha Bhardwaj

2:00 - 3:10 PM	Basudeb Dasgupta	The Impossible Dream of Neutrino Astronomy
3:10 - 3:35 PM	Resmi PK	Precision measurements in b-quark decays

Tea Break
(3:35 PM - 4:05 PM)

Chair: Uma Divakaran

4:05 - 4:30 PM	Prithvi Narayan P	Phase transitions in SYK model
4:30 - 4:55 PM	Vishnupriya K	Parameter estimation using disordered probes
4:55 - 5:20 PM	A Gopakumar	From Pulsar Ticks to Cosmic Ripples

DAY 2

31/10/2026 Saturday

Venue: Saraswati A01-007 9.15AM - 5.30 PM

Chair: Ajeesh M O

9:15 - 10:25 AM	Saikat Ghosh	Tunable nonlinear landscapes in Graphene
10:25 - 10:50 AM	Nirmal Roy	Sliding Graphitic Polytypes

Tea Break
(10:50 - 11:20 AM)

Chair: Vishwas V

11:20 - 11:45 AM	Nithya M	Traction Force Microscopy in Hydrogel Substrate
11:45 AM - 12:10 PM	Gayathri V	Tunabilty of electronic and magnetic ground state of kagome metals
12:10 - 12:35 PM	Anjaly C	Encoding and Erasure of Mechanical Memory in Disordered Materials through Stress Relaxation: Insights from the Bauschinger Effect

Lunch Break
(12:35 - 2:30 PM)

Chair: Amit K Pal

2:30 - 2:55 PM	Kusum Dhochak	Kitaev-like exactly solvable quantum spin liquids
2:55 - 3:20 PM	Manoj Gopalakrishnan	Narrow escape of a Brownian particle

Poster Session : 3:20 - 5: 30 PM
